## Book Launch – Guide to Vertigo

It is with great pride that we (CORLHNS) announce a publication by two of our members, Dr. Chandra Jayasuriya and Dr. M. Bimantha Perera titled ‘Guide to Vertigo’. The book launch took place at the Family Health bureau (FHB) in concurrence with a Vertigo Master class, conducted by a world authority on Vertigo Prof. Michael Strupp, on the 14<sup>th</sup> October 2017, who was also happy to receive the first copy of the book.

The book which was dedicated to Prof. Strupp, (who contributed extensively in providing subject material and up-to-date research to be included in the book) is suitable not only for general practitioners to enable them to understand the basic concepts of vertigo, but also for ENT, neurology and even ophthalmology postgraduate trainees.

This peer reviewed publication contains eloquent forwards by Prof. J.B. Pieris and reviews by Mr. Tim Michel and Dr. C.A.B. Makuloluwa.
