

ENT Masterclass Sri Lanka

CORLHNS was proud to co-host the ENT Masterclass® team for a wonderful 2-day programme on the 16th and 17th of November 2018, at the Galadari Hotel Colombo.

ENT Masterclass® is a novel concept to provide high quality training in Otorhinolaryngology. It is a multimedia training platform in Otolaryngology and allied fields, delivered by a faculty of International repute. The first course took place in January 2005 at Doncaster Royal Infirmary, England and is now in its fifteenth year.

The event was an unprecedented success with world renowned speakers imparting their knowledge and experience with our local faculty. Training opportunities / fellowships in the UK were also discussed much to the benefit of our local trainees. A proposal was also made to make Sri Lanka a regular destination for the ENT Masterclass®

We would like to thank Prof M Shahed Quraishi (OBE, FRCS, FRCS) and the ENT Masterclass® team for giving us the opportunity to host this event and also Dr Ranjith Jayaweera for his role in making this event a reality.
